

MARKET OUTLOOK

The market continues to be focused on the weather. Abnormally cold temperatures are expected to cause large natural gas storage withdrawals in January. Prices are a bit higher now than in December 2009, but still are at levels that offer good fixed prices for 2010.

STAY TUNED FOR MORE INFO...

APPI assists energy consumers by providing education, information and customized solutions that reduce and manage energy costs. As your unbiased and fully independent energy consultant, APPI works only for you, never the suppliers. Contact us at (800) 520-6685 or info@appienergy.com.
