

MARKET OUTLOOK

The market continues to be focused on the weather. Abnormally cold temperatures are expected to continue through the month of February in the Midwest and Mid-Atlantic. Prices are a bit lower now than in January, indicating that this is a good time to lock in a fixed price for the balance of 2010 and 2011.

STAY TUNED FOR MORE INFO...

APPI assists energy consumers by providing education, information and customized solutions that reduce and manage energy costs. As your unbiased and fully independent energy consultant, APPI works only for you, never the suppliers. Contact us at (800) 520-6685 or info@appienergy.com.
